Consideration for admission is based on satisfactory completion of the requirements listed below. Please note that due to limited resources for this program not all students with the minimum 2.75 GPA are admitted. Depending on the number of applicants and the GPA distributions, the minimum GPA required for consideration may not be competitive and does not guarantee admission.

Applying for: **FULL ADMISSION**
All prerequisite coursework is successfully completed at the time of application.

DEFERRED ADMISSION
Final HES prerequisites are in progress at the time of application.
COMPLETE PAGE 2

1. Students must have a minimum of 45 hours completed at the time of application, complete 60 credit hours prior to enrollment in fall or spring HES core courses after admission to HES, have a minimum GPA of 2.75 in each area (combined retention, HES prerequisite courses), and have a grade of C or better in HES prerequisite coursework to be eligible to apply. Students must have all prerequisite courses successfully completed before taking any HES core courses.
2. Applications will be evaluated by the HES Undergraduate Committee and decisions will be made on a competitive basis.
3. Your academic advisor will notify you via e-mail once decisions are made.

Deferred Admission Application

Note: If you are enrolled in HES prerequisite coursework at an institution other than The University of Oklahoma, you must provide proof of enrollment at the time of application. Upon immediate completion of the course you will need to submit an official transcript to HES and the Office of Admissions.

Eligibility Requirements:

1. Students who meet the 2.75 GPA requirements and are **currently enrolled (courses MUST be in progress at the time of application)** in the last of their required HES prerequisite coursework may apply for deferred admission.
2. Depending on the number of applicants and their GPA distributions, the minimum GPA required for consideration may not be competitive in any given application period and does not guarantee deferred admission.
3. Deferred admission enables you to enroll in HES core courses for the following semester. If you successfully complete the HES prerequisites during this time and your combined retention GPA and HES prerequisite GPA remain within the admissible range, you will receive a letter of acceptance into the HES degree program.
4. If you do not successfully complete any of the HES prerequisite core courses (earn a grade of ‘C’ or better) or if your combined retention and/or HES prerequisite GPA(s) falls below the admissible range, you will be dropped from all HES core courses and will be required to re-apply to HES during a later application period.

Please list below your outstanding HES prerequisite coursework and plans for completion.

NOTE: If you are enrolled in HES prerequisite coursework at an institution other than The University of Oklahoma, you must provide proof of enrollment at the time of application.
